Alberta Government Grant Awards \$500,000 to Parkview

By Louise Clarke

The park redevelopment project will receive \$500,000 - the full amount requested through the Municipal Community Facility Program, which is funded by Alberta Lottery Fund.

“We have been awaiting this news from the Alberta government for a very long time and are absolutely ecstatic,” exclaims Nancy Davis, committee chair. “Diligence and hard work have been rewarded and 2008 is off to a very exciting start.”

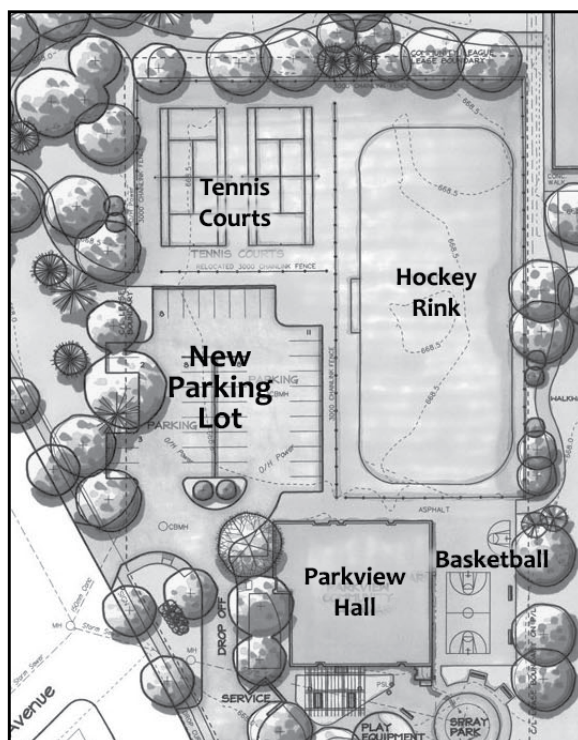

Nancy added, the new year already started out strong with an extra boost of \$30,000. The committee received confirmation in December that its Ronald McDonald House grant application was successful and the project will be awarded \$25,000. As well, our gracious neighbours—the Chinese Alliance Church—made a \$5,000 donation after a stellar turnout during the installation weekend. Our thanks go to the church and its members for their support.

“We look ahead to the coming months with renewed energy,”

says treasurer Val Bright. The grants combined with roughly \$230,000 in unspent funds from the first phase of the

President's Message

By Rita Mildon
Parkview President

City Hall made a decision that had a big impact on Parkview when they decided to abandon the planned Bus Rapid Transit program. The so-called BRT was scheduled to travel on 142nd Street between the traffic circle and Stony Plain Road, right through the heart of Parkview. You may remember that the plan had all but been given the go-ahead, when it was decided to shift resources to the LRT instead.

With a new emphasis on the LRT, Parkview will also be in the middle of that issue. As discussed previously in these pages, the West LRT route might – and I have to stress the word “might” – slice through Parkview. The city is currently looking at two routes that would get the LRT from West Edmonton Mall, along 87th Avenue, and over to the south side. The first proposal uses the freeway and Fox Drive, and would not affect Parkview.

But the other proposal takes the LRT right through Parkview, in a straight line across a new bridge to University Avenue.

If the city selects this route we have to be careful to maintain a positive and cooperative approach. Simply shouting “NIMBY, NIMBY!!” (Not In My Back Yard) will not cut any ice, as our friends to the North learned when they opposed the Glenora Towers for no particular reason other than they did not want the project built near them.

There are a number of steps the city could take to reduce the impact of the LRT on Parkview. Instead of cutting a giant gash through the community the city could tunnel under the homes that lie in the path, with a tunnel beginning at the traffic circle and exiting somewhere along the river

bank. This would be a good thing for the city, too, as it would shorten the length of the bridge needed

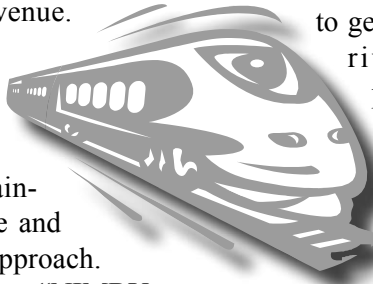

to get across the river. The point, I suppose, is that if we do wind up with the LRT routed

through Parkview we have two choices. We can, as a community, stand with our arms crossed in an all-or-nothing battle to stop the LRT; a battle that will fail because of the city-wide importance of this project. Or we can be positive and work with the city to mitigate the effects. We will know more on February 11th, which is when the engineers hired by the city will unveil the route they will be recommending.

Five years is a big piece of a person's lifetime, but that's how long I have been

President of the Parkview Community League. It's been wonderful. During those five years the attitude of your executive has never been anything but positive. We are financially solvent, we provide a wide range of programs to the community, and we have volunteers that have a solid record of accomplishment and service to the community. I wish I could take the credit. But it's still a long time, and so I have reached the decision to step down as President. I want to thank everyone who has done so much, and made me look so good. I have no doubt Parkview will do just fine.

Thank you Casino Volunteers!

A great big THANK YOU goes out to all Parkview Community Members who volunteered their time to work the casino on December 19th and 20th, 2007.

I know December is a very busy time of year to participate in such an event but members of the Parkview Community came through as usual.

I personally worked with people from our community I would not have had a chance to meet. The structure known as our community league and park brings the people who live in Parkview together. That same spirit of strangers coming together was evident during the casino fundraiser. Strangers were brought together for the common good of making our community a better place to live in. This spirit of community is what makes the Parkview community such a wonderful place to live.

The funds that were raised will go towards general upkeep and running of our hall, the development of the new playground, volunteer appreciation night, the children's Halloween party, and the yearly family Bar-B-Que in June. Parkview continues to lead the way in community spirit and volunteerism.

THANK YOU once again to all those who participated in the fundraiser, and I will keep your numbers on speed dial for the next event!

Sincerely;

Brenda McDonald
Casino Chairperson

Playground Update:

The new park is proving itself to be a place for all seasons. Despite snow and chilly temperatures, the park is a popular destination for playtime. The hill is a great new spot for sledding and sliding, while the park still offers little ones (and not so little ones!) a place to use up some energy. The past six months has shown that that when it comes to a great space, “if you build it they will come”.

Playground Costs

Landscaping/ site prep	\$166,000
Equipment	\$209,000
Installation expenses	\$27,000
Total expenses	\$402,000
Grants received	\$601,500
Fundraising & donations	\$209,725
Community League contributions	\$300,000

Accessibility for the Community Hall

The only remaining Phase I piece, which includes plans to put in a wheelchair accessible ramp to accompany the electronic doors at the hall’s front entry, have been postponed until further decisions are made related to the parking lot relocation. The committee believes plans for the ramp design

should be incorporated into the new parking lot to ensure the job gets done right the first time.

Call for donations

With major expenditures planned in Phase II, the Parkview Redevelopment Society is asking community members to consider making a donation—or another donation - now that we are into a new tax year. To date, \$134,975 has been donated by area residents and businesses and we thank all donors most sincerely. Big or small, we appreciate them all!

Be a part of building a better community

The Parkview Redevelopment Society is always looking for new people who want a hand in designing the future of their community. Perhaps you have skills in marketing, event planning, or communications. Maybe you are a financial wizard, or you like to design posters. Do you enjoy helping out with events or just want to get to know your neighbours better? Whatever your skills, whatever your interest, and whatever your availability, we can find a job that’s a perfect fit. Or, if you know someone who is creative, innovative, and cares about the future of their community—suggest

Phase II Projects

- Parking lot removal and relocation
- Repositioning of basketball courts
- Indoor washroom accessibility
- Connecting pathways from playground to the hall
- Outdoor social recreational area

that they volunteer with the society.

There is still a lot of work to do, and we ask that all community residents not delay in being a part of our community league redevelopment. Come out and help by volunteering to be a part of the Parkview Redevelopment Society executive or make your donation to Phase II today. Be a part of building your community.

If you are interested, or know someone who might be able to help, please call a committee member for more information.

Grand Opening

A grand opening event for the playground that was tentatively booked for June 2008 may need to be postponed. Depending on the committee's progress, there is a good chance, the Parkview Hall and grounds will be under construction in June.

Therefore, it would not be the best time to host a grand event. However, we

will keep you posted and provide details regarding a Grand Opening as soon as possible.

Tami Lackey
Playschool President

Our registration evening was held on February 13, 2008, for the 2008-2009 school year.

Please contact Auni, our registrar for information about available spots in our great program!

Parkview Playschool (located on the 2nd floor of Parkview Community Hall) provides programming for 3 and 4 year old children, primarily from the Parkview and Valleyview communities, although all children are welcome to apply, space permitting.

As a parent of the cooperative program, there are a number of expectations:

- Roster duty (approximately once every 14-16 classes)
- One toy wash per year
- Fundraising
- Participation in special events and or field trips

4-Year-old Program Specifics

- Children must be four years of age by March 1st, 2009. This is the current entry deadline for the school system.

Class times:

Monday, Tuesday and Wednesday afternoons from 1:00-3:30

OR

Monday, Wednesday, and Friday mornings from 8:50-11:20

Cost is \$85.00/month

3-Year-old Program Specifics

- Children must be three years of age and toilet-trained by the first day of school.

Class times:

Tuesday and Thursday mornings from 8:50-11:20

Cost is \$65.00/month

For more details or to register for our program contact our registrar Auni our registrar Auni 432-1460, or visit our website for more information at www.pvcl.ca/playschool/

Reflexology

A natural and complimentary approach to health and well-being

The health of your body is reflected in your feet!

We have over 7000 nerve ending in the soles of our feet. Using skillful pressure to specific points and areas of your feet, the nervous system is stimulated sending messages to specific parts and systems of the body. This stimulation increases blood and nutrients circulation and help remove congestion and blockages throughout our body.
